Differentiate between sliding contact and rolling contact type bearings.

Question:

Differentiate between sliding contact and rolling contact type bearings.

Answer:

SR.NO	Parameter	Sliding contact bearing	Rolling contact bearing
1	Size	large	Small
2	starting torque	High	low
3	noise	Less noise	High noise
4	Life	Less life	Long life
5	Cost	Less cost	More costly
6	Coeff. of friction	High	less
